Discovery Program

We would like to acknowledge and celebrate those who have arranged planned gifts for the College of Agriculture and Bioresources. Making these arrangements today help shape and secure our college's future.

* Denotes deceased

Canadian Feed Research Centre receives gift from the class of 1966

Alumni from the college class of 1966 collectively donated approximately \$15,000 towards the Canadian Feed Research Facility located in North Battleford. As permanent recognition of their generosity a plaque commemorating this contribution will be installed at the facility during the summer.
